

REMARKS

The present application was involved in Patent Inference No. 105,571, in which judgment was entered against the opposing party on 2 August 2007, thereby concluding the Interference proceedings. Consequently, this opportunity is being taken to add new dependent claims 44-46, which have as their base claim independent claim 42, which was Count 1 of the Interference. New independent claim 47 and its new dependent claims 48 and 49 are also being added.

Respectfully submitted,

 Gerald P. Parsons
